On the border of Texas and Mexico, between the Rio Grande and Nueces Rivers, are some 20 million acres of drylands known as, “the chapparal.” Mesquite trees grew in abundance in this brush country and were used as the chief source of firewood because it was known to burn faster and hotter than other hardwoods. For this reason, Texas cowboys and Mexican vaqueros broiled their steaks and fajitas over mesquite wood flames, sealing in the natural juices and imparting that irresistible flavor that only mesquite can deliver. Our special marinade, plus mesquite wood grilling have been the secret to our Texas and Mexican specialties that have made On The Border famous since 1982. Relax, have fun and enjoy your unique experience at On The Border.
